ACTIVITY OF REVOLUTIONISTS

VENEZUELA MAY HAVE IN- TERNAL TROUBLE

**Such Uneasiness Felt by Castro
and his Government by the
Gathering and Preparations
of a Warlike Party.**

(Correspondence Associated Press.)
Caracas, March 27.—Caracas has ceased to be headquarters of the Venezuelan revolutionists and they seem to have centered their activity in this island. It is more financial assistance has come to the enemies of Castro and that General Pineda is the leader chosen to head the movement. Although persons familiar with the situation and strength of Castro's resources believe no revolutionary movement will be effective, still the activity of revolutionists is a source of constant annoyance to him and that they seem to be stronger now than at any time since the blow of Maito's revolution. Generals Riera and Penabaz, who formerly lived in Caracas, are now in this island cooperating with Pineda. All these officers fought in Maito's revolution and have good war records. Officials in Caracas have been much disturbed by rumors of activity in Trinidad and the French coast cable recently was cut to prevent revolutionists here communicating with their party in Venezuela and on the island of Guayana.

President Castro has increased his military forces in Caracas to 2,000. The country districts have been drawn on for soldiers and within three weeks the number of troops in the Venezuelan capital has been raised from 500 to its present strength.

President Castro has again refused to resume diplomatic relations with Colombia and in so doing has created a situation which many South American diplomats fear will lead to war between Colombia and Venezuela. Early in February President Reyes sent Lucas Caballero as minister to Venezuela, having been advised that Castro desired re-establishment of diplomatic relations between the two republics. For more than a month after his arrival in Caracas Caballero was practically ignored. He was never officially received, but finally Lopez Baralt, former minister of foreign affairs, was named to offer with him.

A sort of protocol was presented to Caballero by Baralt, in which it was stipulated that in consideration of recognition of diplomatic relations with Venezuela Colombia must cede to Venezuela the two border provinces which the king of Spain recently gave to Colombia in settlement of the controversy between Venezuela and Colombia. It was also stipulated in the protocol, that five political refugees now in Colombia will be returned to Venezuela and that thirty-four other political refugees be expelled from Colombia.

Castro insisted, through Baralt, that these concessions should be made by President Reyes in settlement of damages Colombia is alleged to have inflicted upon Venezuela by assisting the Maito revolution, which developed near the Colombian border and was waged chiefly with supplies said to have been obtained through Colombia.

Although Colombia is anxious to resume diplomatic relations with Venezuela and to settle the border question, which Castro regarded on commerce along the eastern boundary of Colombia, Reyes resented the attitude of Castro and authorized Caballero to withdraw from Venezuela at once. The Colombian minister left Caracas several days ago and went to Macuta.

BEEF TRUST INQUIRY

Chicago, March 27.—J. B. Shiled, of New York city, formerly an employee at Armour & Co., to-day occupied most of the forenoon of the federal grand jury in investigating the so-called "beef trust." The developments are expected as a result of the testimony Shiled is expected to give to-morrow. Shiled has been closely guarded by secret service officers since his arrival from New York. To night he was closely watched over at the hotel.

FAVOR AUTOCRACY

Moscow, March 27.—A meeting of the Duma has pronounced against the constitutional government of the kind enjoyed by the nations of western Europe, considering such institutions unsuitable to the country on account of geographical and technological conditions of Russia and official development of Russian people. The nobles are of the opinion some degree of popular representation should be introduced but that there should be no limitation of autocracy, but of administrative arbitrariness, and that the ruler and the people should be brought into closer touch. The bar of Moscow adopted a resolution calling for a popular assembly to formulate a constitutional act defining and limiting the government system. The meeting also advocated the formation of a clerical militia for the protection of citizens and control by municipalities or the zemstvos, to which control of police should also be transferred.

NOT IN CHICAGO

Men Held Responsible for the Iroquois Theatre Fire want Change of Venue

Chicago, March 27.—On the ground prejudice here would prevent a fair trial, theatre manager Will J. Davis, Building Commissioner George Williams and Building Inspector Edward Laughlin, accused of responsibility for the loss of life in the Iroquois theatre fire, will probably be not tried in Chicago. State's Attorney Healy intimated to day in court he would not oppose a change of venue. Healy, however, obtained a continuance until to-morrow. Alorton was arrested, as an accessory.

The bags are entangled in the bags may have reached those interested in learning the plans of the Russian squadron. Police are exercising extensive surveillance over Russian refugees in Paris, owing to reports they are organizing to assist the revolutionary movement in Russia.

MR. CHADWICK SENTENCED

GOES TO PRISON FOR TEN YEARS.

**Final Chapter of This Notorious
Case—Her Demerol Before
the Judge—Review of the
Affair.**

Mrs. Chadwick was convicted on seven counts and sentenced upon six. For four of these counts sentence of two years each was imposed. As soon as the sentence was pronounced Attorney Dawley, counsel for Mrs. Chadwick, took exceptions to the sentences upon each count except the first. The defense intends to make the claim the court cannot impose a separate sentence for each count, that the law applied to the general charge instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general offense. This point will also be contested in a higher court, as will other points of the Chadwick trial which resulted in her conviction. Mrs. Chadwick was not particularly affected by the action of the court. As seemingly she had resigned herself to any action that might be taken. When she was told the motion for a new trial had been refused she merely nodded her head as if she already knew, though she is so hard of hearing she could not have known what words the court uttered. When ordered to stand up and receive sentence Mrs. Chadwick did not hear and was assisted to her feet by the deputy United States marshal. The court asked her if she had anything to say why sentence should not be pronounced. She looked around in bewilderment. She was not certain what was taking place and had not the slightest idea what the court said. She was then led forward nearly to the bench and the court shouted the question. She then understood. Mrs. Chadwick said there was nothing she cared to say herself. Her attorney made no appeal to the court and sentence was immediately imposed.

Mrs. Chadwick was indicted by the United States grand jury at a special session ordered by Judge Wing, who, since his retirement from the federal bench, became her associate counsel on seven separate charges, each regarding her connection with the failure of the Citizens' National bank of Oberlin, of which the late C. T. Beckwith was president, and A. B. Spear, cashier. Both the president and cashier were jointly indicted with the woman who borrowed thousands of dollars of the bank's money. She was convicted under an indictment in which she was charged with conspiracy—conspiracy with Beckwith and Spear to certify her checks when she had no money in the bank. This is a transaction prohibited by the government for the protection of depositors and stockholders of a national bank.

Chadwick's trial began arch 6th, and the jury brought in a verdict of guilty arch 11th. The first disclosure of Mrs. Chadwick's remarkable financial career was made when suit was brought by Herbert D. Newton, of Brookline, Mass., last December for \$100,000, said to have been loaned by Newton to Mrs. Chadwick. Shortly after the beginning of that suit Mrs. Chadwick went to New York and after establishing herself at different times at several prominent hotels in New York was finally arrested there December 15 by federal officials. Within a few days she was brought to Cleveland where she has since been a prisoner in jail.

To facilitate this service platforms have been erected and steps will be made at every public road crossing. The service will be extended to other parts of the Alton line when the double track south of Bloomington and Springfield is completed.

FROM WASHINGTON

Philippine Election Measure in Readiness—Other Infor- mation

Washington, March 27.—Secretary Taft to day notified President Roosevelt the census of the Philippines had been completed and published and under the law two years from this date the president shall direct the Philippine commission to call a general election for the choice of delegates to a popular assembly. All the legislative power in the island will therefore be vested in a legislature consisting of two houses, the Philippine commission and Philippine assembly. Conditions upon which the election is to be called is that complete peace shall have continued in territory not occupied by Moros or other non-Christian tribes. The popular election is not to extend to the Moro tribes. Two resident commissioners to the United States will be elected when the legislature is chosen.

By direction of the president Dr. Frederick McMaster, newly appointed but still to be commissioned American consul at Acapulco, has been informed the department of state cannot enter into the merits of his divorce case and that he must produce evidence to show he is legally divorced from the woman who claims he fails to support her, and that he has lived up to the terms of the decree before his commission shall be issued to him.

DOMINICAN AFFAIRS

Proposition to Install Foreign Agents to Collect the Revenue.

Washington, March 17.—Minister Dawson called the state department to effect the Dominican government has agreed to install foreign agents in the custom house to collect revenues, 35 per cent of which are to be applied to the maintenance of the government and the remaining 65 per cent to be placed on deposit subject to disbursement among foreign creditors in the future, after the senate has had an opportunity to again consider the treaty. This proposition was the subject of a conference at the white house to day, but it is stated no conclusion has yet been reached.

San Domingo, March 27.—A note from American Minister Dawson to the Dominican government was published here this afternoon. The paper, which indicates that the pending Dawson-Sanchez convention, subject to favorable report by the committee on foreign affairs, has reasonable prospects of being ratified by the United States senate in October, has created a good impression and reestablished confidence. It may cause the situation to change completely. The proposition to foreign creditors, pending the decision of the American government and Santo Domingo Improvement company, it is hoped will be accepted and prevent difficulties with European governments.

SENTENCED

Cleveland, March 27.—Judge Taylor in the United States district court to day overruled the motion for a new trial in the case of Mrs. Cassie L. Chadwick and at once sentenced her to ten years in prison.

THE POPE'S ALLOCATION

Rome, March 27.—In his allocation to day the pope referring to the war in the far east said:
"Among other things it grieves our souls that the horrors of war are now, devastating the extreme east with fire, blood and death. Oh, what ears are shed there! Those who represent on earth He who is the gospel of peace we ardently beg may receive, from God the inspiration, to advise princes and people to come to peace. So many and so great are the evils that afflict the human race every where that there is no need to have recourse to war to make things worse."
This allocation ends with recalling the recent jubilee of immaculate conception and praying virgin to intercede for the joys of peace that are so much desired.

SECRET CONSISTORY

Rome, March 27.—The pope held a secret consistory this morning without creating any cardinals, merely pronouncing bishops. The only American was the right reverend Thomas F. Hickey, who was confirmed as co-adjutor of Rochester, N. Y.

A SEVERE COLD

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. For sale by J. A. Obermeyer, City Drug Store.

PRESIDENT HAD NO AUTHORITY

DECISION OF THE BOARD OF APPRAISERS

**Could Not Postpone for Ten
Days the Date when the Cuban
Reciprocity Treaty Should
Take Effect—The Case at Bar.**

New York, March 27.—The board of United States general appraisers announced a decision to day in which they held President Roosevelt possessed no legal authority to postpone for ten days the date when the Cuban reciprocity treaty took effect, as he did in his proclamation of the treaty. The case was brought by the Dalton company, which maintained the treaty took effect March 1, when ratification took place. That point had already been decided in the negative and the board of appraisers did not pass upon it in to day's decision. The United States senate when it ratified the treaty inserted an amendment that it should not take effect until approved by congress. Congress approved it Dec. 17 and the president on that date issued his proclamation. He provided, however, that the treaty should not take effect for ten days. Judge Somerville, who wrote the opinion of the board, calls attention to the fact the first clause in the act of congress of Dec. 17 provides the treaty shall go into effect when the president has received satisfactory evidence that it is the intention of the republic of Cuba to give full effect to the convention, and issues a proclamation accordingly. Judge Somerville says the proclamation itself recites that such evidence has been received by the president and continues:
"It is difficult, therefore, to see why the convention did not, by its very terms, become immediately operative. We know of no constitutional authority that would authorize the executive to postpone its operation a day after this time. If he could defer its operation for ten days there should seem no reason why he might not do so for ten months."

Somerville considers the "action of the president is attributable to an ambiguity of language of the treaty itself and confusion of dates which occurs in it." The Dalton company protested against the imposition of full duty on two consigns of cigars, one entered at Philadelphia Dec. 18, 1903, the other entered prior to Dec. 17. The former is sustained, the latter overruled.

Cockerill was shot and killed from a court house window at Jackson and Curtis Jett, who had been convicted and sentenced to death for connection with the crime, was on Saturday granted a life sentence for complicity in the new trial, while Tom White is under a life sentence for complicity in the crime. All of the men arrested are prominent in Kentucky business and politics. Hargis is still judge of Breathitt county.

HIS OCCUPATION

Conviction of a Man Engaged in the Making and Use of In- fernal Machines

New York, March 27.—Gessler Rosand, also known as Gessler Rosand, was convicted to day before Recorder Goff of having sent with malicious intent an infernal machine to the Grand Central Terminal in this city May 5, 1903. The prisoner received the verdict calmly and without comment and was remanded to the Tombs for sentence on Friday. The maximum penalty for the offense is five years imprisonment. In his testimony at the trial Rosand said:
"I have made many infernal machines during my life and during the Cuban rebellion sold a number of them to agents for Cuba in this country. They were for blowing up Spanish ships and I gave full instructions to the agents as to their use."

He said he always made enough money with his work, and that during the hour was he offered infernal machines to blow agents in this country, but his offer was refused, the Rosas saying they did not care to fight that way.

Green Bay, Wis., March 27.—Police have in charge a man named Wesley, who is suspected of the murder of two persons, committed about a year ago in Mosauk range, Northern Minnesota. Wesley is a Green Bay boy and came here to visit his parents. Police have been on the lookout for him for some time. It is understood Wesley is one of two men wanted by authorities of northern Minnesota for the murder of an old man and his daughter, who lived alone on a claim in the vicinity.

THE WAR.

ST. PETERSBURG ADVICES.

St. Petersburg, arch 27.—Since the proclamation of the state of siege work has been resumed at Balum and ships are again loading at the quays.
Maxim Gorky's lung trouble is increasing and his friends are anxious. Doctors declare his transfer from Riga to South Russia is absolutely essential to his recovery.

The impression is prevalent in some military circles that the Japanese having removed the possibility of the main army in Manchuria assuming the initiative, will not turn attention to Vladivostok, and is strengthened by the Associated Press dispatch from Gushu Pass announcing the withdrawal of Japanese from the immediate front of the Russian army. It is realized, of course, this may be merely a blind to cover flanking operations, but it is not improbable Japanese, having cleared southern Manchuria of Russian troops and secured a position from whence expulsion would be a long and difficult process, may be satisfied to hold the Tiao Shan line without further extension of communication.

While the voice of the emperor's advisers is for peace if honorable terms are obtainable, the government is going forward with all provisions for continuance of war. Preparations are reported to be making for mobilization of five corps.

There has been revival of reports of a change in the head of the war office. It was stated last night in a usually well informed source that Lieutenant General Baklanoff will leave very shortly and be succeeded by General Ridger, now chief of the chancellery of the war office.

EXPLANATION GIVEN

Chicago, March 27.—The first explanation given to day for the disappearance of the boy Frank Rogers and his aunt, Miss Florence Ely, four years ago at Jackson, was made to night to the Associated Press by Jas. G. Rogers, father of the boy. In Chicago the case has excited as much interest as the celebrated Charley Ross case in Philadelphia. Rogers to night said:
"At the time of the disappearance of my son, like many boys of his age, he was fond of playing hide-and-seek, and was a sufferer from melancholia, was about to be placed by us in a sanitarium, a proceeding to which he strongly objected. As a result of these circumstances the two left home together and went to Buffalo. There they separated, Miss Ely entering a store apparently to do some shopping, leaving Frank outside. She had previously given him a small sum of money. From that time until now, Frank has not been seen Miss Ely and neither he nor we know her whereabouts. Frank following out his idea of seeing life, made a living as best he could and has finally returned home after many vicissitudes."

BOILING WITH DISCONTENT

THIS IN SOUTHERN PART OF RUSSIA

Situation Said to be Aggravating and Troops Ordered—Deplorable Condition of People in Armenia

Yalta, Crimea, arch 27.—The situation here is becoming worse. Rioters have destroyed nearly all warehouses and the vodka shops, police station and a number of shops have been set on fire. Troops are guarding the postoffice and treasury buildings. The arrival of reinforcements of soldiers is expected momentarily.

Starvation threatens Armenia, according to a cablegram from Van received to day by the Turkish Mission Aid society from local agents of the society. The message says suffering is great from poverty. The general food supply in many villages is nearly exhausted and deaths from hunger are beginning.

London, March 27.—Letters and consular reports received here from Van and other parts of Armenia state that the situation there is steadily growing worse. Business is at a standstill, few crops have been sown and birds' nests on Armenian towers are unprotected. One of the latest letters says:
"The government is demanding taxes without relativity severity and selling cattle and farming implements and even bedding and household necessities. General ruin of the country is foreboded."

St. Petersburg, March 28, 2:30 a. m.—The internal situation is causing great anxiety, though it is said the "intelligence" and educated classes generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is boiling with discontent and the strong hand of military force has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence. The spirit of disorder has spread to Sebastopol. Moderate liberals in St. Petersburg are becoming alarmed at the situation; reports have been received that an actual revolutionary propaganda is being pushed with vigor in many sections of the empire. Authorities of the government of Saratoff are closing the schools there on account of peasant disturbances.

IN FINLAND

Berry had \$40,000 cash and a certified check for \$50,000 more. He had started for Burlington to get the check cashed.

RECEIVED MCCORMICK

St. Petersburg, March 27.—The emperor and empress and dowager empress received the retiring minister, Ambassador McCormick, in a farewell audience to day.

The report that Grand Duke Alexis had fled from Russia is untrue. He has not left St. Petersburg.
Gunshu Pass, March 27, 6 p. m.—The Japanese apparently have withdrawn from the region south of the Russian front. Cossack patrols which have been making extensive reconnaissances southward found no Japanese within thirty-five miles. Lnevitch is despatching scouting parties east and west to guard against a possible turning movement.

FOREIGN NOTES.

Amsterdam, following the example of New York, is expecting to have the opera "Parsifal" given in her midst in a few months. The plan has again aroused the indignation of Europeans, who so bitterly opposed the giving of "Parsifal" in New York by the Conried management about fifteen months ago. The *Neue Musikalische Zeitung*, published on Feb. 25, gives a list of 25 prominent Europeans who have placed themselves on record as protesting against this pilfering. The list includes names of musicians, actors, doctors, municipal officers, ambassadors, professors, painters, lawyers, editors, publishers and merchants; the movement was in its infancy when the organ went to press and future editions will probably bear the names and addresses of many hundred more who for ethical reasons oppose the presentation of "Parsifal" on any stage but Bayreuth.

Mahler's fifth symphony was recently given under Nikisch's direction in Berlin. Berlin critics agree with rest of the critic world in finding the work unimpaired.

A new piano quintet by L. Thullie was recently presented to a Berlin audience and evoked favorable criticism.

In Stockholm on Feb. 24 a program of Strindberg's compositions was given in the musical academy. A new string quartet in a minor was played and greatly thrilled the audience.

Christine Nilsson has spent the winter at Hotel Rydberg in Stockholm. She does not sing any more, but she helps younger singers, and she has established a permanent scholarship at the academy, to be given to poor girls with fine voices who need help.

Arthur Nikisch has been decorated by the czar of Russia with the order of St. Anne.

A Franz Liszt society has been founded in Berlin with the princess of Reuss as its patroness. The aims of the society are the furthering of Liszt's compositions, "the spreading of the knowledge of his personality," and "the advancement of understanding of his art principles with a view to establishing a new and unified system of musical pedagogy." It is the purpose of the association to found a new musical paper called Liszt-Blatter.

AMERICAN NOTES.

The two concerts on March 10 and 11 closed the first season of the Pittsburgh orchestra under Emil Paur. The great leader quickly made himself popular in Pittsburgh and now is the idol of the public in that city. The annual financial statement of the orchestra will be awaited with great interest, for the large attendance at the concerts this season makes it more than likely that the annual deficit has crumbled to almost insignificant figures.

Madame Lillian Blauvelt, who has reflected so much credit on herself and indirectly on America during her tours both at home and abroad, is winning hearts anew in America during the present early spring season.

Celeste Chop-Groenevelt, the American pianist, has been having a very busy season in Germany. She has made many public appearances and from Dusseldorf, Dantzig, Halle, Frankfurt, Leipzig, Magdeburg, Kiel, Nurnberg, Nordhausen, Gortitz, Göttingen, Essen, Bayreuth and numerous other cities—coming enthusiastic reports of her pianistic powers and of her success with press and public. This young artist should make a tour of her native country. Her success in Germany is something to be proud of, and her country people would surely be interested in hearing her.

WILL PUT ON MINSTRELS.

A minstrel entertainment will be given in the high school auditorium Thursday evening for the benefit of the Athletic association. The boys have arranged a fine program of songs and jokes, with many local hits, and will give a five part olio, with many excellent specialties. The high school orchestra will furnish the music and the attraction promises to be a good one.

The head the seat of pain and pressure—the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—an ever present dragging in the back, hips and limbs—a feeling of utter weariness—lassitude and despondency. To these people Dr. A. W. Chase's Nerve Pills are of incomparable value, having as they do the power to rebuild, reinvigorate and resupply every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, strength and vigor again.

Mrs. John Bailey of Jackson St.

Penn Yan, N. Y., says:

"I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine, and as I needed one badly, I got a box. My nerves were very weak—I lacked ambition and strength and my heart action was very weak. I used the Pills as directed and they made my nerves quiet and steady—the heart action strong and regular and the appetites good, my sleep became restful and I feel altogether like another person. I think as a remedy in female complaints as well, they are grand, curing the headaches and heavy, dragging feeling rapidly and easily—this I know from experience, and I am glad to recommend them." 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of Dr. A. W. Chase, M. D., on every package.

OBITUARY

Hastings (Neb.) Tribune: Hastings lost one of its most enterprising and most highly respected citizens when death visited the residence of Robert Brown at 2:30 Monday afternoon and claimed the master. The news spread rapidly and occasioned a shocking surprise for it was not generally known that Mr. Brown was dangerously ill.

Death was due to heart disease, which first made its appearance about two years ago, reappearing a few weeks ago and accompanying an attack of la grippe. From the effects of the latter Mr. Brown did not recuperate rapidly and Friday afternoon heart disease became again acute. Saturday morning the patient had revived and by Sunday so great was the improvement that the family felt a release of apprehension sufficient to warrant them to attend religious services. About 11:30 Sunday night the heart affection again became acute and under continuous medical attention the patient passed a restless night. Though he had spent a painful and anxious night death supervened with surprising unexpectedness. It was not more than one minute from the moment when it seemed that there was a fighting chance for recovery before he was dead.

The funeral was held at 10:30 Thursday morning at the residence, Rev. E. Van Dyke Wight, assisted by Dr. Elliott and Rev. James M. Duer, of Hillsboro, Ill., officiated. "Abide With Me" and "Peace, Perfect Peace" were sung by a quartet composed of Mrs. Lowry, Mrs. Dauchy, Professor Kline and Dr. Babcock. The funeral discourse was from the text: "Henceforth there is laid up for me a crown of righteousness." The many beautiful floral offerings were under the disposition of the P. E. O. society. The following nephews of the departed acted as bearers: George R. Brown, John W. Brown, Leonard G. Brown, John S. Duer, Will S. Duer and Rev. James M. Duer, of Hillsboro, Ill. Besides Rev. James M. Duer there were present from out of the city J. A. Barrows of Champaign, Neb., and Allen Orwig and mother of Grand Island. Interment was at Parkview cemetery.

Robert Brown was born on a farm in Morgan county, Illinois, Feb. 10, 1839. He was educated at Illinois college. In 1861 he volunteered in the Tenth Illinois infantry as a private and was mustered out in 1865 as first lieutenant. Feb. 22 of that year he was united in marriage with Miss Anne B. Barrows. To this union were born five children, all of whom with their mother survive and reside in this state: Mrs. P. L. Johnson, Mrs. H. I. McLaughlin, Lucy B. Phillips, Tillian A. Brown and James Bedford Brown. Mr. Brown is also survived by a brother, Charles G. Brown, of Divernon, Ill., and Mrs. William R. Duer, of Hastings.

Robert Brown was a careful business man and a conscientious Christian gentleman. He had resided more than twenty years in Nebraska, the greater portion of the time in Hastings. He was a member of the firm of Cornelius & Brown, vice president of the Exchange National bank and the possessor of several fine farms. He had been a member of the Presbyterian church from young manhood, and was a munificent donor to Hastings college. Mr. Brown's was a strong character that by its trend sought first to speak with action a careful religious development. He will be missed by the church of which he was an elder, by Hastings college, of which he was a generous patron, by the community of which he was a factor and by his family to whom he was all that husband and father means.

YOUR HAIR

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hair makes excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busy at their work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

AN AGED GRADUATE.

Any one saying a person is too old to learn would be required to make an exception in the case of Mrs. Jane Evans, of Philadelphia, a colored woman who has recently graduated from an elementary grade of public night schools at the age of 73. She was a slave before the war and after freedom became hers she had a desire to see something of the world, and for that purpose roved around from one city to another, earning an honest living sewing and cooking. She was the property of Col. Penal Truet, of Washington, Ga., and was treated kindly by her master and never sold to any one else. She has lived in Augusta, Ga., Cleveland, Ohio, New York city, Pittsburg, New Jersey and other places before coming to Philadelphia. About a year and a half or two years ago she decided she wanted to know how to read, and accordingly made application and went to work in good earnest, and actually won a prize for proficiency and sat on the stage during the graduating exercises and is now able to read her Bible and the newspapers with ease. Her case is certainly remarkable.

THE STORY OF AN OLD CARPET.

One month ago I was an old useless carpet, when I began to search for the fountain of youth. I was jerked up from the floor roughly, then I was given an awful churning and pounding and bumping, but I did not mind that because it took the dust away, which had been choking me for some time. Then I was sent to the Moore Rug company, where I was pressed into a machine and cut into strips, then into a raveling machine and ravelled with knives which revolve two thousand times a minute, and at the same time there was an exhaust fan sucking some more of the dust and lint out from me. Then I was woven, hemmed, sheared and fringed. In each process I had to go through a different machine. When I started through the rug factory I was sixty yards of thin, feeble old Ingrain carpet. Now I am a strong, new velvet rug 9x12 feet, and, "just think of it!" It only cost my owner \$9.00 to have me renewed. As "one who has been through the mill" I advise all my friends to send their Brussels and Ingrain carpets and chenille curtains to The Moore Rug Co. on N. Main St., and have them made into beautiful, clean, durable rugs. From the ringing of their telephones while I was at their place, I should judge that they must have BOTTLE PHONES.

A BAD RUNAWAY.

A day or two since Austin Smith, son of "Squire James Smith, of Cracker's Bend, was driving a young horse he had recently bought, when suddenly the animal shied at something in the road and cramping the buggy threw Mr. Smith out. The driver wasn't much hurt but the horse ran at a furious rate and striking a fence was thrown backward in such a manner that its back was broken and it had to be shot. The buggy was badly demolished, but fortunately Mr. Smith was not much hurt. The loss will be a hard one for the owner, as he had only recently bought the horse which was worth \$125.

Armstrong & Armstrong Tell How Smokers Can Be Sure to Get Their Money's Worth.

"How can one be sure of getting his money's worth in buying a cigar?" asked a Journal reporter of Mr. Armstrong of Armstrong & Armstrong's drug store.

"Tell me how to be sure. Just buy a Wadsworth Bros. Cigar. This cigar is always the same—a good, honest, satisfying smoke. It is made with a long Havana filler, so that it always burns with a firm, solid ash, the best sign of a good cigar."

"The Chico burns with a fragrance like that of the Carolina perfecto, a 25c cigar, but it costs only 5c. Our best customers are smoking the Chico, and when they stop in front of the cigar case, they say, 'give us some more of those good cigars.' We pass out the Wadsworth Bros. Chico, and they go away happy."

Try a Chico yourself, and see how good it is.

GUEST OF RELATIVES.

Mr. and Mrs. E. B. Smith, of Newark, N. J., are visiting at the home of their cousin, Sylvanus Scott, of Franklin. Mr. Smith and Mr. Scott were in Jacksonville Monday. The former is a blind veteran of the civil war and a member of Lincoln Post No. 11 of Newark, and has been spending the winter at Hot Springs, Ark. He is an engaging conversationalist and told in an interesting manner of a trolley ride he recently took through New England. He rode over 700 miles in this manner, stopping for meals and lodging wherever fancy dictated. He also stated that it was now possible to travel from Philadelphia, Pa., to parts of Maine in this manner. Certainly the development of interurban travel has grown marvelously and it is reasonable to expect that in the near future such possibilities will be realized in the western states.

DR. BLACK APPOINTED.

Dr. Carl E. Black received a notification Monday that he had been appointed a member of the board of pension examiners for this district. The appointment came unsolicited and is a high compliment and recognition of Dr. Black's professional standing and ability. The other members of the board are Dr. E. F. Baker of this city and Dr. C. M. Verrees of Murryville. The board meets every Wednesday of each week.

WILL ATTEND SESSION.

Mrs. Scott Russell, Mrs. Robert Stevenson, Mrs. E. E. Webster and Mrs. C. M. Brown expect to go to Springfield to day to attend a session of the Ladies' Missionary association of the Springfield presbytery.

FLOODED THE STREETS.

Schenectady, N. Y., March 27.—The Mohawk river, which has been gorged with ice about six miles west of this city, to day overflowed into the Erie canal, which runs parallel to it here, tearing the embankment away for more than two hundred feet. The canal was empty, but in less than an hour there was a rush of water that flooded the streets in this city adjacent to the canal, carried away boats from their moorings and rendered many houses uninhabitable. Huge cakes of ice tore down poles carrying feed wires to the Rotterdam pumping station, which is dependent upon electric power, and by which the city obtains its water supply. While repairs were being made this city was left in darkness.

CROTON DAM MENACED.

New York, March 27.—According to the World, conditions brought about by unprecedented floods throughout the watershed which feeds the new Croton reservoir are menacing the new \$5,000,000 Croton dam. Engineers in charge of the work believe the danger so formidable that watchers are detailed to patrol the dam and give immediate warning in case of imminent peril. The village of Croton Landing, with a population of 1,100, is a mile below the new dam and directly in the path of the flood should the dam break.

PSI UPSILON BANQUET.

Washington, March 27.—The twenty-fifth annual banquet of the Psi Upsilon association of Washington was held to night in honor of Secretary Taft, who was elected for the ensuing year. Senator Spooner, retiring president, acted as toastmaster. Both made speeches, the senator saying he would rather see Taft chief justice of the supreme court than president, and the secretary in turn complimented Spooner by nominating him for the presidency.

A SIX-ROUND BOUT.

Philadelphia, March 27.—In a six round bout to night, Rube Turner, of California, displayed his superiority over Joe Gans, of Baltimore. It was Turner's bout at every stage and the fact that Gans was on his feet at the finish was due to his opponent's generosity.

PRAIRIE FIRES.

Sharon Springs, Kan., March 27.—A prairie fire to day burned many farm houses and buildings in this (Wallace) county and is still raging to night. A strong northwest wind is driving the flames.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—
How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience; especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes: Dear Mrs. Pinkham:—Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me.

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills. No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

CENTENARY REVIVAL.

While there were no meetings held Saturday, three persons gathered in a private house with friends and were converted. The Sunday services all took a decided evangelistic turn, beginning with the Sunday school. The congregations were large. At the morning hour the pastor preached and administered the rite of water baptism and admitted members into the church fellowship. At night Rev. Mr. Riggs preached a stirring sermon based on the feast of Belschazzar. The fearful sentence, "Thou art weighed and found wanting," was applied with good effect. An altar exercise was held after the sermon, which was of special interest.

The meeting at 3 p. m. for the youth and children was a most excellent meeting well attended by the parents of the children, among whom there is a good work of grace going on. To conserve this interest and to lead the moral and religious instincts in normal growth the pastor has organized the youth into a class for religious instruction. It is to be under his direct supervision and teaching.

The meeting Monday night was very joyous and many people took part in it. The sermon was preached by Mr. Riggs, who was unusually tender as he presented his theme, "Acquaintance with God."

This afternoon at 3 o'clock there will be a Bible reading service. Special prayer in reference to Mrs. McKendree McElfresh, who is now at a hospital for a surgical operation, will be made. Her many friends are invited to join in this prayer.

A ROYAL RECEPTION.

Lisbon, March 27.—The steamer Hamburg with Emperor William on board anchored here late this afternoon. King Charles, Crown Prince Luiz Philippe, the duke of Braganza and duke of Oporto, brother of the king, and their suites, Foreign Minister Villagay and Marine Minister Moreira went on board the vessel and escorted the emperor ashore. After presentations at the landing stage the royal procession proceeded through the crowded and magnificently decorated streets to the palace at Belem. King Charles was dressed in the uniform of a colonel of the Portuguese infantry. The imposing procession was preceded and followed by cavalry regiments. The reception along the route was of the most enthusiastic character. The royal carriage was showered with flowers, as it passed under the windows of residences.

FAILURES.

Philadelphia, March 27.—Five concerns filled with the Booklovers' and Taborian libraries were placed in the hands of receivers here to day. Liabilities, according to President Eaton's statement, are less than \$150,000 and assets exceed \$1,000,000. These assets, Eaton says, are scattered among more than 2,000 cities and scores of trains and ocean steamships. Counsel for creditors states that the action is an amicable one in anticipation of reorganization of the companies.

CONVICTED OF FORGERY.

Lima, Ohio, March 27.—Former President William W. Leighton, of the South Side bank, was to night convicted of forgery. Leighton was charged with having forged and carried as cash in the bank a check for \$2,000.

REGISTRATION DAY.

To day is registration day for the city election and the judges of election of the various precincts will be at the polling places for the purpose of making a register of the voters. The judges will meet at 9 o'clock and will continue their work until the poll is made.

Tuesday, April 11, is the second day of registration, but in order to get your name on the register on that date a personal visit to the polling place is necessary. Either notify one of the judges of your ward or visit the polling place in your district to day and thus be sure that you are registered.

The registration places are as follows:

First ward—First district, Kenting's store on East North street; second district, W. C. Self's store on North Mainville street.

Second ward—First district, court house; second district, Harrigan Bros. building on West Lafayette avenue.

Third ward—First district, county voting place on South Mainville street; second district, Howe's store on South Clay avenue.

Fourth ward—First district, J. F. Brown's store on South Sandy street; second district, county voting place on South Fayette street.

CLERKSHIP FOR HOGAN.

Springfield News: Daniel Hogan of Mount City, Ill., will be appointed clerk of the federal court of the eastern Illinois district. C. P. Fitch, of Paris, will be marshal. The appointments were agreed upon Monday between Gullon and Hopkins and Spangler Cannon. A hard fight had been made on Hogan, but his work for the Republican party last year has been highly appreciated by the administration and there was no chance of his being turned down at the white house.

PLEASANTLY SURPRISED.

Mrs. Charles Button was pleasantly surprised by about twenty-five of her friends who gathered at her home Monday evening on North East street. Music and games afforded much entertainment during the evening and light refreshments were served.

DE MAY HAD

LITTLE FAITH

Was Quickly Converted—Rexall Worth Its Weight In Gold.

"Thousands of men and women are dragging their way through a life of misery merely because they are too skeptical to benefit by the truth," says Mr. Lee P. Alcott.

"We don't ask you to take our word as to the rare perfection of Rexall Dyspepsia Tablets. We ask you to take the word of your neighbors. Read what Mr. De May says of them."

"I find Rexall Dyspepsia Tablets O. K. In fact I consider them worth their weight in gold. I suffered with indigestion for many years and thought I had exhausted every means of a cure. The best physicians failed to give me relief and the many advertised remedies were bitter disappointments. When I commenced using Rexall Dyspepsia Tablets I had little faith in them. But I was agreeably disappointed. They immediately benefited me and in a short time I was cured. I can state in the most emphatic manner that Rexall is all right."—B. E. DeMay.

"What these tablets did for Mr. De May they will do for you. Try them and see."

"Our proposition is not to merely sell you dyspepsia tablets, but to sell you a cure for your dyspepsia and indigestion."

"If Rexall Dyspepsia Tablets do not effect this cure, we give you back your money. That shows how much confidence we have in this new remedy."

Lee P. Alcott applies this guarantee to the twenty-five cent package of Rexall Dyspepsia Tablets which certainly shows his confidence in its bringing immediate results.

TESTS PATIENCE

The Most Patient Jacksonville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itching of the skin, itching piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Hemorrhoids. Can hardly keep from scratching it. You would do so but you know it makes it worse. Such miseries are daily decreasing. People are learning that they can be cured. Learning the merit of Doan's ointment. Plenty of proof that Doan's ointment will cure piles. Hemorrhoids or any itching of the skin. Read the testimony of a Jacksonville citizen.

W. T. Wyatt, of 803 Ashland avenue, says: "Over fifteen years ago I had an attack of itching hemorrhoids. With more or less persistency it clung to me despite all my efforts to check it, but alone cure it I was annoyed considerably more than it is possible to express in this short statement."

The irritation, particularly at night, was intense. Constantly on the lookout for something that might relieve my distress I happened to see in my paper a statement which said Doan's ointment never fails to relieve itching piles and all skin irritation. This was exactly what I was looking for, and always ready to try any remedy, I procured a box of Dr. H. Lee Hatch's drug store after consulting with one of the clerks about its advertised merits. Relief was almost instantaneous and after using a part of the box I was cured."

HAIR!

I allow my picture published for the benefit of other people who may be annoyed with dandruff, itching, and itching. My hair turned gray, and I was advised by a doctor to try GERM-A-KILLA HAIR TONIC. STOMACH TROUBLE

CURED WITHOUT DRUGS.

Letter Published by Request of Our Well Known Druggist, Leo P. Allcott.

To the Editor of the Journal: "Believing that the people of Jacksonville will be interested in cures by such a simple remedy, and as so many letters of this kind are constantly coming to our attention, I ask you to publish the following for the good it may do others."

Mr. Thomas G. Wallace, of Detroit, Mich., writes: "After being troubled with loss of appetite and stomach trouble, and trying many medicines without any benefit whatever, I commenced to take Vinol, and I am very much pleased to state that it has cured my stomach trouble, given me a hearty appetite, and I am stronger and in better health than I have been for years."

Mr. Allcott, in referring to Vinol said: "You see, Vinol is guaranteed to contain no drugs and is such a simple, wholesome preparation with remarkable curative powers. It contains all of the healing and strength creating elements contained in cod liver oil, but without a drop of oil or grease to upset the stomach and retard its work."

"Very few people who suffer with stomach troubles can take other forms of cod liver oil and emulsions or sickening drugs, but Vinol strengthens and tones up the weakened nerves of the digestive organs, and enables the sufferer to digest with ease the very foods that once caused distress. Vinol helps to change this nourishment into pure, rich, red blood and invigorates and strengthens the entire body."

"We ask every person in Jacksonville suffering from stomach trouble to try Vinol on our guarantee to give them back their money if it does them no good. This is an honest offer."—Leo P. Allcott, Druggist.

Characteristic Roosevelt Incident.
 When the Washington's birthday exercises at the Academy of Music in Philadelphia had closed the other day and President Roosevelt was leaving the stage at the side of Provost Harrison of Pennsylvania university, followed by the other distinguished guests with stately mien and solemn air, each profoundly impressed with the dignity of the occasion, the president suddenly espied Professor Samuel McCune Lindsay of the university modestly enconce behind one of the wings, says the Philadelphia Public Ledger. Breaking away from the astonished provost, the president rushed up to the professor. With the exclamation: "Hello, old boy. By Jove, I'm glad to see you!" and gave him a hand grasp which made him wince with pain. He then returned to the side of the provost, and the procession proceeded.

Remedy For Grip.

A remedy for grip that is proving very efficacious in numerous instances is this: Put into a cup of hot water cayenne pepper the size of a marrowfat pea, a teaspoonful of sugar and a scant tablespoonful of grain alcohol. Beware of the wood alcohol, which is rank poison. Stir together and take steaming hot just before going to bed. If grip is only threatened and not actually present, a teaspoonful of alcohol will suffice.

Cement to Fasten Leather to Wood.
 Take whitefish glue, six ounces; dry white lead, one and one-half ounces; soft water twelve ounces; alcohol, four ounces. Dissolve the glue in a double boiler containing the water. When the glue is all dissolved put in the lead. Stir and boil until it is all thoroughly mixed. Remove from the fire, and when cool enough to bottle add the alcohol and bottle while it is yet warm. Keep tightly corked.

French Mustard.
 Mix three tablespoonfuls of mustard and three tablespoonfuls of sugar thoroughly together. Beat one egg light and add, mixing until smooth. Add one cup of vinegar (not strong); pour in slowly, so as to keep smooth. Add one tablespoonful of butter when ready to take from the fire. Stir while cooking. It will require only a few minutes.

Silver Cleaner.
 Dissolve one ounce of powdered borax in half a pint of boiling water. When cold, pour it on four ounces of precipitated chalk and beat until smooth. Add thirty drops of ammonia and one gill of alcohol and bottle. Shake well before using.

For a Sore Mouth.
 The sore mouth may be healed with frequent washings with borax water. Salt is also good for a sore mouth and for canker sores.

Washing Dish Towels.
 Half a lemon placed in the water in which dish towels and kitchen cloths are soaked is said to sweeten them wonderfully.

Frying Doughnuts.
 A raw potato in the lard when frying doughnuts will prevent burning.

Little money is sent from Japan to the United States, the total in 1902 being only \$41,325; in 1903 it was \$51,491, and in 1904 it was \$55,115.

While adjusting a trolley pole of the car, Fred Wheeler, aged 23, an assistant conductor on the Illinois Traction company's line, received fatal injuries about 7:15 o'clock Sunday night near Carlinville, and was dead when assistance reached his side. In some manner the trolley pole of his car slipped—the wire and Wheeler climbed to the top of the car to adjust it. While working on the top of the car, his arm came in contact with the trolley wire and he was thrown to the ground.

ILLINOIS WON INDOOR MEET

Y. M. C. A. Team Put Up Game Fight—Large Crowd Present—Vociferous Cheering—Silver Trophy Now Property of College Students.

Illinois college won the fourth annual silver cup indoor athletic meet with the Y. M. C. A. Monday night by the decisive score of 32 to 18. This victory entitles Illinois to the permanent possession of the handsome silver trophy offered to the team winning two meets out of three. One of the former meets resulted in a tie, which necessitated four meets to decide the possession of the cup. A large gathering of enthusiastic partisans was present. About 100 girls from the Woman's college were present and cheered lustily. The Illinois men filled the gallery and their characteristic and vociferous yells were also heard. The Y. M. C. A. orchestra gave several splendid selections which were well received.

Illinois surprised everybody by taking all three places in the standing high jump which gave them the splendid start of nine points. In the running high jump W. T. Harmon easily defeated Schultz of the Y. M. C. A. The first two places in the dash went to the Y. M. C. A., by Armstrong and Scurluck. Schultz, who won the most points for the Y. M. C. A., took the standing broad jump. Angerstein, a new man at Illinois, took second. Illinois surprised everybody by winning the potato race. In the high kick Kirby and Orear took first and second with little opposition.

The Illinois indoor team has had little practice this year on account of the early spring. The meet last night, however, showed that there was plenty of good track material on the Illinois and the prospects of a successful season are daily growing brighter. Captain Carriel has a large squad out every afternoon doing the cross country runs. The weight men have been practicing in the cage for some time and several good men have been discovered. Altogether the team is confident of administering another drubbing this spring to their old rival, Knox college.

The events:
Standing high jump—All three places taken by Illinois men: W. T. Harmon, Brown and Osborne. Height, 52 inches.

Running high jump—W. T. Harmon, Illinois, first; Schultz, Y. M. C. A., second; Orear, Illinois, third. Height, 5 feet 5 inches.

Dash—Armstrong, Y. M. C. A., first; Scurluck, Y. M. C. A., second; Angerstein, Illinois, third.

Standing broad jump—Schultz, Y. M. C. A., first; Angerstein, Illinois, second; Ransom, Y. M. C. A., third. Distance, 9 feet 6 inches.

Potato race—Won by Illinois.

Running high kick—Kirby and Orear, Illinois, first and second; Vasconcellos, Y. M. C. A., third.

Score—Illinois, 32; Y. M. C. A., 18.

To day only you can have choice of 25 ladies' covert jackets worth \$6 for \$3.25 at Phelps & Osborne's.
